Black's Law Dictionary (Pocket), 3rd Edition

Synopsis

Arguably the most valuable reference tool available to the legal community, Black's Pocket Dictionary provides more than 10,000 clear, concise, and precise definitions. And with the publication of the 3rd Edition, Black's Law Pocket Dictionary is now the most up-to-date pocket law dictionary available from any publisher. For the first time, definitions in Black's Law Pocket Dictionary have been reviewed by a panel of scholars and expert practitioners, under a review process similar to that for the Deluxe, Standard, and Abridged Editions of Black's Law Dictionary. Plus definitions for terms related to bankruptcy, contracts, evidence, and departments of the federal government have been dramatically improved. Students taking classes in any of these areas will want to replace their previous Black's Law Pocket dictionaries with the newest edition. Finally, Black's Law Pocket Dictionary, 3rd Ed., has significantly improved cross-referencing, making it much easier to find related terms.

Book Information

Paperback: 840 pages

Publisher: Thomson West; 3 Poc edition (June 22, 2006)

Language: English

ISBN-10: 0314158626

ISBN-13: 978-0314158628

Product Dimensions: 1.2 x 4.8 x 7.2 inches

Customer Reviews

You can probably get all the defs of the words you need off of Westlaw, but it's much more convenient to have this book next to you for you to thumb through real quick. I'm half-way through my first semester and my book is already roughed up and tattered from use.

As a working librarian, I had this valuable dictionary near my desk through several incarnations. Patrons searching to understand their insurance policies, a court order, a contract and other legal documents expected the librarian to know all the words. With "Black's Law Dictionary" we were able

to decipher most of the jargon to the patron's satisfaction. I have added it to my personal writing reference shelf to make sure a character is using the proper term and it is spelled correctly in our stories. Nash Black, author of "Qualifying Laps" and "Taxes, Stumbling Blocks for Authors 2007."

FOR THE YEAR THIS BOOK WAS PRINTED THE LEXICOGRAPHICAL ENTRIES WERE VERY ACCURATE. ADDING THE U.S. CONSTITUTION TO THE APPENDIX WAS A NICE BONUS.

Although much smaller than the full text version, this one still gets annoying in the backpack all day. However, I must say I use it often and more frequently than I use online dictionaries...

While this dictionary is not bad, I've found that I encounter many terms in law school that are not in there. Then I'll do an internet search and find that missing term, usually with ease. Now I usually check the internet first. Really the only reason to buy a legal dictionary, like any dictionary, is if you think you will need it because you would have no computer or internet access. Otherwise, save your money.

It's really a pocket size. You can carry it on your backpack along with your notebook pc and other books. Has the basic terms, but it's ok for classes.

The only disappointing problem about this "digital" Bundle is that there is NO software. Instead you download a kind of "browser" that is in your toolbar, Much like a Google/Yahoo toolbar. So if you are off line, this does not work, disappointing to me. It is not as readily accessible as a software install that is always there when you need it. I have gained more use from the book than the software, so I would recommend you buy something else for your \$\$ such as the full version of Black's Law than this software. You can copy/cut and paste the info from the website directly into your paperwork is a good benefit though.

As the name suggests, this is a pocket edition, but do not be fooled by the size. This will answer 99.9% of most any legal definition you need. Very handy to have when doing research in a Law Library.
