The Practice Of Mediation
This exceptional, all-original book is the first to fully integrate text and video. It combines sophisticated textual analysis of the mediation process with a six-hour DVD illustrating the stages of the mediation process, the skills of effective mediators and the role of lawyers representing clients in the process. Designed for clinical or simulation courses, The Practice of Mediation: A Video-Integrated Text is sure to become the mediation skills text of choice. This text is the ultimate integration of theory and practice in that:

- Each volume contains unscripted, high quality video depicting nine professional mediators, of different backgrounds and orientations, mediating three different disputes, with very different results; the DVD extracts are fully integrated with the text, enabling students to save precious classroom time by assigning DVD extracts to be viewed and analyzed outside of class; the mediations depicted on the DVD are based on real cases, selected for their varied contexts and dispute characteristics.

- Accessible and conversational in style, the text draws on the most recent research in the field and explores and recognizes all of the major approaches to mediation, helping students, as prospective neutrals and client representatives, analyze how the characteristics of a dispute and the context of the mediation setting might affect what mediation approach(es) will best suit each case.

- Unique in its approach and designed to maximize the classroom experience, this is an outstanding teaching package. The carefully crafted Teacher's Manual includes sample syllabi and teaching suggestions for how the book can be used in a variety of course configurations, short classroom exercises, games, role-plays and longer simulations, debriefing notes and references to the leading books and articles in the field.

**Customer Reviews**

This is a very practical guide to mediation. It's incredible beneficial to have the video illustration. The illustrations in both the book and video, show application of the various styles mediators use to be effective. The video also illustrates how mediators utilize styles sometimes that are not appropriate or as effective - - that's very beneficial. The book is well written and video is well done. The video is a little dated now, but the content is on target and realistic. The video provides various scenarios in mediation. It provides typically 3 mediators and how they mediate the same situation, which illustrates various styles. If someone is serious about honing their mediation skills, this is an excellent resource.

Thank you!
