Miguel Marmol

Synopsis

Miguel MÃ¡rmol is the testimony of a revolutionary, as recorded by Salvadoran writer, Roque Dalton, which documents the historical and political events of El Salvador through the first decades of the 20th century. This Latin American classic describes the growth and development of the workers' movement and the communist party in El Salvador and Guatemala, and contains MÃ¡rmol's impressions of post-revolutionary Russia in the twenties, describing in vivid detail the brutality and repression of the MartÃ-nez dictatorship and the reemergence of the workers' movement after MartÃ-nez was ousted. It also gives a broad and clear picture of the lives of the ordinary peasant and worker in Central America, their sufferings, their hopes and their struggles.

Customer Reviews

well what can you say about one of the best modern latin american writers. this book is brilliant and engages the reader from page one. Miguel Marmol was an extraordinary man who escaped death a number of times. he lived, breathed and acted out his revolution. He was a Latin American revolutionary that deserves recognition for the hard work that he did during our history's dark days. this book does just that. this book is a must read. having read it in spanish i am pleased to see that it is available in English. Roque, if only they had not killed you! what a shame. que viva el salvador.ps: also check out Eduardo Galeano's Memorias de Fuego the third book. Miguel Marmol is the central character throughout this book also.

As a salvadorean being brought up in the middle of the civil war with right wing mentality parents and within the upper middle class I was completely unaware of the "other side" and how unfair our entire system was. This book opened my eyes to a new realm of existence within my same country. As I read it , this book became the gateway to other history books that have not only educated me about our own past but also gave me much more insight on what really occurred other than the brainwashing campaign that was launched at that time. This is a must read.
