Customer Reviews

I first read this book on Wattpad and I loved it. Once it got published I knew I had to buy it. This book is beautifully written and captivating, I couldn't stop reading it till I finished the book. It captures the essence of Olivia and Drakes love story. I wish this book could go on and have more chapters to read about them.

This book was very nicely written but it seemed to move very fast. I enjoyed the storyline and the characters, but I wish there was more content and development of the forming relationship of the two main characters. Overall I liked this book and would recommend it to others.
