One of my work colleagues brought this in to work and it made us all laugh - full of quirky puzzles, quizzes and fun facts. It also looks good! I bought a few copies for family members, can't wait to see them to give them the books!

How many of us are plagued by the unimaginable boredom accompanied by our forgotten phones during a bathroom trip? Being stuck reading the back of Febreze cans or weekly ads...Wouldn't you like to kill two birds with one stone and enjoy yourself, while also relieving yourself? This is a really funny and quirky book that does the job! I've always been a fan of activity/puzzle books, satirical material, and reading unknown facts. This "52 Things to Do While You Poo" book combines all those enjoyable aspects of reading material into one; stimulating your mind while appeasing your boredom! I never regret spending money on a book, since I love to read. This book however, relieves me of my two ongoing struggles pretty well: having nothing to do and wanting a good laugh.

So it's definitely worth the buy in my opinion! Its got loads of facts on poo (fitting for the situation), and quirky little activities to keep you busy while you do your business. I also like the design and feel of the book, with a nice white and blue theme and enjoyable drawings throughout. This is something that would really come in handy for a prolonged bathroom trip if you've got nothing else to occupy yourself with. It's so random and humorous though that I think this would also be a great gag gift for your friends or family, and I try to NEVER miss out on an opportunity to give people silly things!

Saw this and loved it first for how it looked - nice size, hardback, lovely looking pages and the title put a smile on my face. Bought it for my husband and he thought it was great! Perfect as a secret Santa gift, stocking filler or just to put a smile on someone's face. I'm going to buy another for my friend as a house warming gift!

Very good white elephant Christmas gift. This nook was funny and entertaining all at the same time and yet still made a great bathroom pastime book.

Fun book - a perfect gift to put a smile on someone's face. Bought it for a work colleague and made the whole office laugh!

Exactly as advertised.

Cute little book. Sending it to my brother who is overseas in the military. Something cute/funny that won't melt in the mail.

A little shorter than I hoped it to be, but it was enjoyable for a day or two!
