Labor And Employment Law

Synopsis

Labor and Employment Law gives paralegals and business students an excellent, general overview of all the legal issues that would likely come up in the workplace. Because there are so many statutes covering the workplace, failure to recognize violations of any one of them could result in problems for a company or a client. The text covers all the important areas of employment law. It introduces such topics as workers' compensation, workplace torts, discrimination, wage and hour issues, OSHA and other federal employment laws. Portions of the text are skillfully illustrated using charts and graphs for better comprehension and retention. Human resources students and future professionals also will find this text to be a valuable resource.

Book Information

Paperback: 432 pages

Publisher: Cengage Learning; 1 edition (July 14, 2003)

Language: English

ISBN-10: 0766835863

ISBN-13: 978-0766835863

Product Dimensions: 8 x 1 x 9.2 inches

Shipping Weight: 1.6 pounds (View shipping rates and policies)

Customer Reviews

This book is extremely dry and uninteresting. I know the subject isn't exactly riveting but this book does nothing to try to liven it up. And most of the cases are from Ohio and the surrounding areas, instead of being distributed around the country. If I were in charge of purchasing textbooks for a school, I would certainly not recommend this one if there were an alternative.

For a used book this was way past used. It was very horrible. Would not recommend anyone purchase it either. It was a waste of money and time. I was already 3 weeks down in the semester so returning was not a viable option at that time.

For a course. As stated. Quick delivery.
