# The Triumph Of The West

## **Synopsis**

Over the centuries, two important beliefs arose in Europe: a faith that man could order his own destiny, and the idea that progress was normal. But by 1900, doubts had arisen concerning traditional Western values. The continuing problems of poverty, environmental deterioration, the inequality of women, and warfare pose real questions about the advancement of the human race. This is noted historian J. M. Roberts' engrossing, in-depth essay on the nature of the dominance of Western civilization and its ambiguous "triumph." Roberts' goal is to gain a better understanding of the present by analyzing what got us here and, possibly, indulging in a bit of cautious optimism. --This text refers to the Audio CD edition.

## **Book Information**

Hardcover: 324 pages

Publisher: Barnes & Noble (1998)

Language: English

ISBN-10: 0760708509

ISBN-13: 978-0760708507

Product Dimensions: 9.7 x 7.1 x 1.4 inches

Shipping Weight: 2.9 pounds

Average Customer Review: 4.5 out of 5 stars [See all reviews](#) (6 customer reviews)

Best Sellers Rank: #517,553 in Books (See Top 100 in Books) #35 in [Books > Humor & Entertainment > Puzzles & Games > Crosswords > Dictionaries](#)

## **Customer Reviews**

J. M. Roberts is probably the best person writing popular histories in the world today. His "History of the World" and "A History of Europe" are more recent examples of his good writing skills. But, this book is from earlier. It shows how good of a writer of history Roberts is. It is much more of an analysis of what makes up Western Civilization, and what the author thinks is the reason it was able to fling itself outward at the world, and basically subdue it all for a time. Sometimes which was basically unprecedented in the history of the world. He criticizes at times, but mainly he believes there is more good in Western Civilization than bad. Which, of course, is the truth.

For a basic overview on the origins and evolution of Western Civilization, a primer, this work is good. Analysis, on implications of western ideals and philosophy on current and future geopolitical outcomes is wanting. For deeper dives on the impact and implications of Western Civilization on

world history see anything by Dr. Victor Davis Hanson.

This author clearly shows us how the West and its unique ideas have shaped the entire World. Many things that we take for granted are not so for most of the people on Earth. The writer gives a very thoughtful perspective on some of the reasons why.
