## Customer Reviews

Funny for all ages. Even for 70 year olds! Thought it would be just for kids. I am a 69 year old and will send it to my friends.

Very funny book and I can verbally annihilate any opponent. love it and will purchase again from this vendor. Everything as described.

If you want a cheap book that gives you one or two minor chuckles in a 10 minute read, this is it. If you're looking for cliché insults that a 5th grader would use, this is also a book for you. If you're an adult, save the 99 cents.

These are the insults that you would use in a nasty fight in Elementary School. I love it's claim to help you win any verbal argument. Yes it is. If you're arguing with a five year old. Thank God I got it free.

Most examples were crude and heavy-handed ( unless the intent is to start a fight ). Many are phrased in "redneck" fashion, which is both an insult toward rednecks and reveals the user's lack of finesse.

## Don't waste your

Funny but too short This was a really good insult book, only that it's really SHORT. It would be a lot better if this book was longer. I would like it to be at least 50-100 pages long. I liked it even though it was short.

This book was so boring, that I wish there was a time machine; so I can get the last 10 minutes of my life back and slap the scrap out of whoever that thought this book would be a success after it was published.
